

Simplification
Assumptions

Intelligence

- * Organizing Objective
- * Data Collection
- * Pb. Identification
- * Pb. Ownership
- * Pb. Classification

Pb. Statement

Validation of Model

Design

- * Formulate Model
- * Set Choice Criteria
- * Search for alternatives
- * Predict & Measure Outcome

Alternative evaluation

Verification & Testing of
The Solution

Choice

- * Selecting Solution
- * Sensitivity Analysis
- * Plan for implementation

Recommended
Solution

Implementation

Success

Failure
